LOUVERS

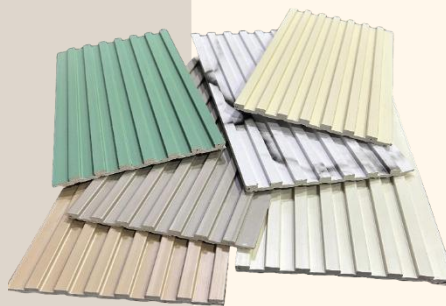

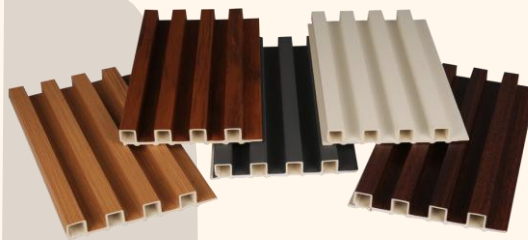

Interior **LOUVERS**

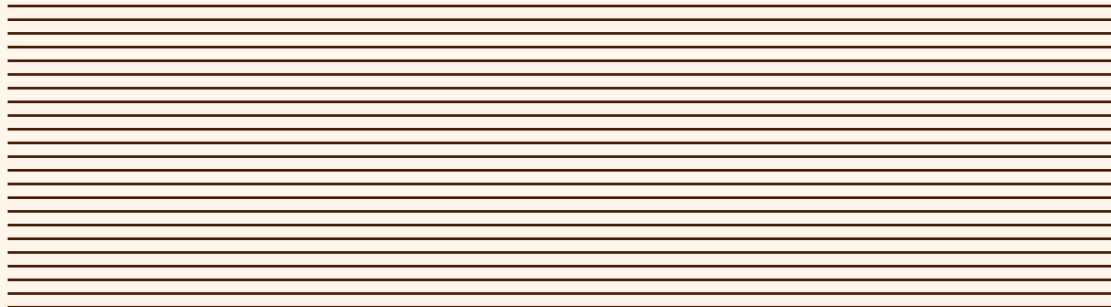

Our PVC louvers feature a unique design that is made by high quality raw materials. This results in a product that is both stylish and sturdy, able to withstand the test of time and look great for years to come.

The louvers are easy to install, with a tongue-and-groove system that ensures a seamless and tight fit. They are also highly customizable, with a range of colors, finishes and lengths available to suit any interior design scheme.
